### This Morning's Invocation

Dear God, as we pursue our commitments as Rotarians, help us not to be satisfied with mediocrity in what we do, nor with the shallowness in what we are. In our culture where superficiality abounds, we pray for the will to demonstrate strong commitment to the rock solid values and virtues we espouse and embrace as persons and as a Club. Let our example to others be clear and compelling. We offer thanks for food prepared for our use, and for those who serve us. Let our table conversations be uplifting and our concern for others genuine. May the time we spend here today be productive for the purposes to which we subscribe, thank You for all Your favors from Your Hand. Amen

Dr. Larry Antonucci, President and CEO, Lee Health Systems, was happy to be here, especially after his day in Tallahassee! Changes in health care are coming, moving from a volume based system to a value based system but in order for that to happen there have to be changes in how doctors are paid. There will be an explosion in technology, with incentives based on keeping patients out of the hospital. Dr. Antonucci reported that the South Lee project would be a 24/7 operation; a hospital, but without in patient beds, where a hospital can be added in the future. The focus will be on health and well being—there will be a single check in with hospital records all in one place—this will be a community facility.

### Rotary Sings: Jingle Bells

Dashing through the snow, in a one horse open sleigh.

O'er the fields we go, laughing all the way.

Bells on bob tails ring, making spirits bright.  
What fun it is to laugh and sing, a sleighing song tonight.

O, jingle bells, jingle bells, jingle all the way.  
Oh, what fun it is to ride in a one horse open sleigh.

Jingle bells, jingle bells, jingle all the way.  
Oh, what fun it is to ride in a one horse open sleigh.
